

British Values Statement – MFL

At Hanson School, the MFL department celebrates diversity and cultural understanding. By studying traditions, routines, festivals and celebrations students gain an insight and appreciation of their own cultures and values as well as being able to compare them with the cultures and values of other French/Spanish speaking countries. Students are encouraged to reflect on the differences and similarities of the British way of life with those of other countries. We encourage students to keep an open mind when reflecting on and discussing tolerance and in turn they come to value the rule of law and democratic systems.
