

Dear parent/carer

24th March 2020

If your child needs specialist support, is vulnerable or you are a critical worker, Hanson will remain open for them. However, following the Prime Minister's address last night, it is now even more important to only send your child to school if you absolutely have to as a last resort. In all cases, if you are able to, please keep your child at home #StayHomeSaveLives.
