

Catering Price Increase

From 1st November there will be a price increase to all food on sale in the school canteen, can you please ensure there is enough money on your child's card to purchase food from school. If there is no money on their card or you are unable to put money on their card, please ensure your child brings sandwiches as they will not be able to purchase food from the canteen. Please credit your parent pay account ideally the night before as it can take a few hours for the catering system to update.
